FREEDOM PROTECTION PLAN

Freedom Protection Plan provides a range of life insurance benefits designed to help protect your family against the financial impact of a family member dying or suffering a serious injury as a result of being involved in an accident. Obtaining protection can help safeguard the lifestyle you and your family have today and the benefits received can be used for any purpose. That might include assisting with the costs of a funeral, repayment of debts, attending to medical bills or recovering from the serious injury.

Freedom Protection Plan has been designed to provide you and your family with access to a range of simple, affordable, value for money life insurance benefits.

Why Choose Freedom Protection Plan?

There are a number of great reasons to choose one or more of the benefit options provided by the Freedom Protection Plan.

Unique Value for Money Funeral Protection

With Freedom *Final Expenses Cover* we have developed funeral protection for you and your family that has a number of unique features:

- you can choose from either level or stepped premium.
- the optional Cashback feature (available when you choose “stepped premiums”) provides you with a lump sum benefit paid at termination of your *Final Expenses Cover* after the life insured turns age 75. The amount payable is calculated by reference to the number of years that the cover was in force and the cashback amount will be paid irrespective of the reason for termination.
- the optional Paid Up Value feature (available when you choose “level premiums”) allows you to convert your cover after 10 years to a paid up insurance with no further premiums being payable from the date of the conversion.

Cover to Suit Your Needs

Simply choose the type and level of cover you require.

Affordable Premiums

The premiums are competitive with options to suit almost every budget.

Protection Against Inflation

To ensure the value of your benefits are not eroded by inflation we will offer to automatically increase the amount of all of your benefits each year by 5%.

Cover for Your Whole Family

Protection can be extended to cover your family.

Easy Application Process

Applying for the Freedom Protection Plan could not be easier.

- Apply over the phone simply by calling Freedom Insurance on **1300 88 44 88**
- No complicated forms to complete
- No medical examination required
- Your protection can be confirmed during the call should you meet our simple eligibility requirements

Extended Cooling-Off Period

We provide an extended cooling-off period to ensure that you get ample time to consider whether the cover is right for you. So even if you have paid some premiums we will refund all amounts paid in respect of any benefits that you cancel within the first 42 days of cover.

All you need to do is tell Freedom Insurance within 42 days of commencement in order to receive your refund.

BENEFITS OPTIONS

Freedom Protection Plan makes available a range of 3 optional benefits. The table on the opposite page sets out information about the benefit options available and in general terms the events upon which a benefit is payable.

You may wish to apply for a combination of the 3 benefit options that are available. You can also obtain the protection on one or more family members as permitted under the eligibility requirements set out on pages 10 to 11.

Choosing From the Available Benefits

Here's how it works.

1. You can choose from either (or both) of the 2 core benefit options:

- *Final Expenses Cover*
- *Accidental Death Cover*

2. *Final Expenses Cover*: Where you have chosen to obtain the *Final Expenses Cover* you must determine whether you would like the level or stepped premium versions of the benefit.

- Stepped Premiums: Where you have chosen the stepped premium option, you may then request the optional Cashback feature as part of your *Final Expenses Cover*
- Level Premiums: Where you have chosen the level premium option, you may then request the optional Paid Up Value feature as part of your *Final Expenses Cover*.

3. *Accidental Death Cover*: Where you have chosen to obtain the *Accidental Death Cover* you may also request the optional *Accidental Injury Cover*.

4. As cover can be obtained under each benefit option for more than one family member, simply decide which family members you would like the cover to extend to.

Importantly, Freedom Insurance will be able to assist you with all matters regarding the benefit combinations that are available as well as the eligibility requirements for each of those benefits.

Final Expenses Cover

Cover of up to \$15,000 payable upon death (limited to accidental death only in the first year).

Accidental Death Cover

Cover of up to \$500,000 payable upon accidental death.

CHOOSE BETWEEN

PLUS ADDITIONAL OPTIONAL BENEFIT

Level Premiums

The premium rate to be applied to the sum insured at commencement is based on the life insured's gender and age at commencement and doesn't increase with age

Stepped Premiums

Premium rates are based on the gender and age of the life insured at each anniversary date.

Accidental Injury Cover

Cover of up to \$200,000 payable upon the occurrence of a specified accidental injury. Payment operates as an advance of the accidental death benefit.

PLUS ADDITIONAL OPTIONAL BENEFIT

Paid Up Value Option

Allows you to convert your cover to a "paid up insurance" after 10 years with the sum insured being a percentage of the average sum insured of the cover determined by reference to the number of years the cover was in force. No further premiums are payable from the date of the conversion.

Cashback Option

Provides you with a lump sum benefit equal to 5% of your sum insured for each year of your cover. Paid upon the termination of your cover after the life insured turns age 75 (provided cover has been in force for at least 5 years).

ELIGIBILITY

To be eligible to apply for the cover provided by any of the benefits available under the Freedom Protection Plan, you must be:

- an Australian Resident (see page 38).
- aged 18 or over at the date of the application.

Life Insured Eligibility

The person that you insure under your Plan must also meet the separate eligibility requirements for the benefits that you request. To be eligible to be a life insured, the person must:

- be an Australian Resident (see page 38).
- meet the age requirements for the requested benefit as set out in the table on the opposite page.
- have the required relationship to you or be the life insured under any other benefit that is required to be held as a precondition to the requested benefit. These requirements are also set out in the table on the opposite page.

Multiple Lives Insured

You may include up to 8 persons as a life insured under each of the available benefits.

Guaranteed Issue

As each of the benefit options are “*guaranteed issue*”, there are no underwriting requirements when applying for the cover and therefore no personal medical questions will be asked of any proposed life insured. The application will be automatically accepted provided all eligibility requirements are met.

Importantly, no medical examinations or reports will be sought at the time of your application.

The eligibility requirements referred to on pages 10 and 11 may be varied or waived at our discretion.

Benefit Option	Life Insured Eligibility Age	Other Life Insured Eligibility Requirements
Final Expenses	0 - 80	Must be the applicant or a relative of the applicant
Accidental Death	0 - 70	Must be the applicant or a relative of the applicant
Accidental Injury	0 - 65	Must also be the life insured under <i>Accidental Death</i>

BENEFIT LEVELS

Determining Your Benefit Amounts

The benefit amount (sum insured) for each benefit will be the amount that you request at the time of your application. All benefit amounts must be within the minimum and maximum sums insured permitted for the requested benefit as well as meeting any other requirements specific to that benefit option. Different sums insured may be requested for each life insured.

The minimum and maximum benefit amounts and the additional benefit amount requirements are set out in the table opposite.

Existing Insurances

A person may be a life insured under the same benefit option in more than one Plan. However, this is only permitted where at the date of the application the cumulative sums insured across all of the insurances held in respect of that life insured for that benefit does not exceed the maximum amount permitted for that benefit as set out in the table.

Changes to Benefit Amounts

After the commencement of your cover you can request any of your benefit amounts to be changed.

In all cases the requested sum insured must continue to be within the minimum and maximum benefit amounts permitted and must otherwise continue to meet the requirements set out in the “Other Benefit Amount Requirements” column of the table. In certain situations, exclusions may apply to the amount of any increase that is granted (see page 26).

Automatic Indexation of Benefits

To ensure the value of your benefits is not eroded by inflation we will automatically increase the amount of all of your benefits each year by 5%. We will do this on each anniversary of the commencement of your Plan and the increase will apply for the next 12 months of cover.

This is subject to the following:

- you may reject an automatic increase in respect of any benefit within 30 days of the Plan anniversary.
- you may request not to be offered the automatic increase in future years in relation to any benefit. Acceptance of any request by you for the automatic increase to be reinstated will be at our discretion.
- any rejection of the automatic increase is subject to the cover continuing to meet the requirements set out in the “Other Benefit Amount Requirements” column of the table.

Acceleration of Benefit Payments

Accidental Injury Cover can be taken as an extension to Accidental Death Cover but this will mean that the benefit amount under Accidental Death Cover will be reduced automatically following the payment of an “accidental injury benefit” under Accidental Injury Cover.

Benefit Option	Minimum Benefit	Maximum Benefit	Other Benefit Amount Requirements	Other Comments
Final Expenses	\$4,000	\$15,000		
Accidental Death	\$50,000 (\$10,000 where the life insured is under 18 at commencement)	\$500,000 (\$30,000 where the life insured is under 18 at commencement*)		Benefit automatically reduced by the amount of any “accidental injury benefit” paid
Accidental Injury	\$50,000 (\$10,000 where the life insured is under 18 at commencement)	\$200,000 (\$30,000 where the life insured is under 18 at commencement*)	Benefit amount must not exceed the sum insured under Accidental Death Cover	

* You may request an increase in the sum insured up to the adult maximum upon the life insured attaining 18 years of age.

FINAL EXPENSES COVER

Final Expenses Cover provides cover of up to \$15,000 that is payable upon death. This benefit only provides death by accident protection in the first year of cover with protection for death by any cause after the first year. This benefit can be used for any purpose, including the payment of funeral expenses.

There are a number of unique features of this benefit option:

- you will be paid a **double benefit** for death occurring whilst travelling overseas should this occur within 3 months of the life insured leaving Australia.
- the **Cashback option** can provide you with a lump sum benefit that is paid upon the termination of your cover.
- the **Paid Up Value option** allows you to convert your cover after 10 years to a paid up insurance upon which no further premiums will be payable from the date of the conversion.
- you can chose between **stepped** or **level premiums**.

Benefits

Death Benefit

First 12 Months: We will pay the death benefit where the life insured dies as a direct result of an accident within 12 months of the commencement of cover, provided that death occurs within 90 days of the accident.

After 12 Months: We will pay the death benefit where the life insured dies more than 12 months after the commencement of cover, irrespective of the cause.

The accidental death limitation for death occurring within 12 months of the commencement of cover may be waived or reduced by us at our discretion.

Benefit Payable

The benefit payable is the amount of the sum insured that applies on the date of death and this will be paid as a lump sum. However, we will pay **double** the amount of the sum insured where the life insured dies while travelling outside of Australia, provided that at the time of death the life insured had not been outside of Australia for a continuous period of 3 months or longer.

Benefit Amount and Limits

The maximum aggregate sum insured that may be provided for all death benefits provided by *Final Expenses Cover* on an individual life insured is \$15,000, irrespective of the number of insurances held in respect of that person. Sums insured over the maximum amount are permitted where it occurs as the result of an automatic annual increase.

There will be no automatic annual increases to the sum insured after the life insured has attained the age of 90.

Exclusions

We will not pay the death benefit if the accident that resulted in the life insured's death occurred before the commencement date. Cover is also limited to accident only in the first 12 months (see above).

Additional Options

In addition to being able to choose between stepped and level premium for this benefit, two further options are available. You will only be able to choose one of these options and if you do, it must apply to all lives insured that you wish to be covered under your *Final Expenses Cover*. The availability of each option is also dependent upon your choice of stepped and level premium on your cover.

Where you wish to obtain either of these options, you must also request this at the time that you apply for *Final Expenses Cover*. You will not be able to request these options after the commencement of your *Final Expenses Cover*.

The Cashback and Paid Up Value options are both provided at additional cost.

Cashback Option

You may only select the Cashback option as part of your *Final Expenses Cover* where you have also chosen the stepped premium option for your *Final Expenses Cover*.

Under the Cashback option, we will make a lump sum cashback payment to you upon the termination of your *Final Expenses Cover* on a life insured. The amount of the payment will be equal to 5% of the sum insured for each and every year that the cover had been in-force in respect of that life insured. This will only be payable where at the date of termination:

- the life insured is aged 75 or greater; and
- the *Final Expenses Cover* on that life insured has been in-force for at least 5 years.

Calculation of Cashback Payment

The cashback payment is calculated as follows:

- we will determine the sum insured for *Final Expenses Cover* for each and every annual period of cover for which the cover had been in-force. Where the sum insured changed within an annual period of cover, the sum insured for that annual period of cover will be adjusted proportionally based upon the number of days in that annual period of cover that each sum insured applied.
- we will then take 5% of each of the sums insured calculated above and add these amounts together to determine the amount of the cashback payment.

(For example, the cashback payment is 5% of the sum insured in year 1, plus 5% of the sum insured in year 2, plus 5% of the sum insured in year 3, plus 5% of the sum insured for each and every year of cover thereafter until termination).

If there are any unpaid premiums on the *Final Expenses Cover* at the time of its termination, the amount of the unpaid premiums will be deducted by NobleOak from the amount of the cashback payment that would otherwise be payable

Amount Payable Upon Death

Where your *Final Expenses Cover* terminates as a result of the death of the life insured, the amount payable will be the greater of the amount of the sum insured that applied to

the life insured on the date of death and the cashback payment calculated as at the date of death.

Paid Up Value Option

You may only select the Paid Up Value option as part of your *Final Expenses Cover* where you have chosen the level premium option for your *Final Expenses Cover*.

Under the Paid Up Value option, you are able to convert your *Final Expenses Cover* on any life insured to a “paid up insurance” provided the conversion request is made 10 or more years after the commencement date of your *Final Expenses Cover* on that life insured.

Following conversion of your *Final Expenses Cover* to a paid up insurance:

- the cover will continue until the death of the life insured unless otherwise terminated (see below);
- premiums will cease to be payable for that cover from the effective date of the election;
- the sum insured will be fixed for the duration of the cover with no automatic annual increases to be applied to this amount; and
- the sum insured will be the applicable percentage of the average sum insured determined at the effective date of the election as set out in the following table:

Number of years cover was in-force*	Percentage of the average sum insured^
0-9	0%
10-14	40%
15-19	60%
20-24	80%
25+	100%

* the number of years from the commencement date of the Final Expenses Cover on the life insured

^ the average sum insured is the average sum insured of the Final Expenses Cover provided on the life insured over the duration of the cover

Automatic Conversion

Upon the termination of the *Final Expenses Cover* provided on a life insured due to non-payment of premium, the cover will automatically convert to a “paid up insurance” provided the date of termination is 10 or more years after the commencement date of the *Final Expenses Cover*. This will occur notwithstanding that you did not request the conversion.

Premiums

Premiums will cease to be payable for *Final Expenses Cover* in respect of a life insured:

- from the anniversary date following that life insured attaining age 90 (with cover continuing until the death of the life insured unless otherwise terminated); and
- where the right to convert the cover held on a life insured to a “paid up insurance” is exercised by you (see above).

Termination of Cover

The cover will terminate in the circumstances set out in “When Cover Ends” on page 31. In addition, where the cover has been converted by you to a “paid up insurance”, the cover will automatically terminate and the sum insured will become immediately payable where the life insured has attained age 100 and (after reasonable efforts by us) we are unable to confirm that the life insured is still alive.

Other than in that situation, there is no upper age limit upon which the cover will automatically terminate.

This overview should be read in conjunction with the other information contained in this PDS that applies to this benefit option and to the Freedom Protection Plan generally.

ACCIDENTAL DEATH COVER

Accidental Death Cover provides cover of up to \$500,000 that is payable upon death by accident.

Benefits

Accidental Death Benefit

We will pay the accidental death benefit where the life insured dies as a direct result of an accident, provided that death occurs within 90 days of the accident.

Benefit Payable

The benefit payable is the amount of the sum insured that applies on the date of death and this will be paid as a lump sum.

Benefit Amount and Limits

The maximum aggregate sum insured that may be provided for all accidental death benefits provided by *Accidental Death Cover* on an individual life insured is \$500,000*, irrespective of the number of insurances held in respect of that person. Sums insured over the maximum amount are permitted where it occurs as the result of an automatic annual increase.

The sum insured for this benefit will be automatically reduced by the amount of any “accidental injury benefit” paid under *Accidental Injury Cover*.

** the maximum is \$30,000 for life insureds aged 17 and under*

Exclusions

We will not pay the benefit if the accident that resulted in the life insured's death occurred before the commencement of the cover. Additionally, we will not pay the benefit if the life insured's death is a direct or indirect result of:

- self-inflicted injury
- criminal activity
- aerial activity
- motorised sport
- war or terrorism
- alcohol or drugs
- intentional act by carer (only applies to lives insured under 18 years of age)
- specific occupational tasks

The full wording of each of these exclusions is set out on pages 40 to 41.

Termination of Cover

In addition to the circumstances set out in “When Cover Ends” on page 31, the cover for this benefit option will automatically terminate:

- on the anniversary date immediately following the life insured’s 90th birthday; or
- upon the sum insured for this benefit option being reduced to “nil” as a result of the payment of the “accidental injury benefit” under *Accidental Injury Cover*. That will only occur where the “accidental injury benefit” paid is equal to the sum insured for this benefit.

This overview should be read in conjunction with the other information contained in this PDS that applies to this benefit option and to the Freedom Protection Plan generally.

ACCIDENTAL INJURY COVER

Accidental Injury Cover provides cover of up to \$200,000 that is payable upon the occurrence of any one of 10 specified injuries suffered as a result of an accident.

Cover can only be obtained for this benefit option where you also have in-force cover in respect of the same life insured under *Accidental Death Cover*.

Benefits

Accidental Injury Benefit

We will pay the accidental injury benefit where the life insured suffers any one of the following injuries as a direct result of an accident:

- Blindness
- Broken Bone*[^]
- Burns
- Coma
- Loss of Hearing
- Loss of Independent Existence
- Loss of Speech
- Loss of Use of Limbs
- Major Head Trauma
- Paralysis

An accidental injury benefit is a once only benefit[^] and is only payable where the injury suffered by the life insured meets the definition of the relevant injury.

The full definitions of these insured injuries are set out on page 38 to 40.

** 3 month exclusion applies (see below)*

[^] Broken Bone only applies to limited serious fractures and pays a partial benefit for a maximum of 3 claims (see below)

Benefit Payable

Other than for a Broken Bone, the benefit payable is the amount of the sum insured that applies on the date of the injury and this will be paid as a lump sum. The payment of this benefit is an automatic acceleration of the “accidental death benefit” payable in respect of the life insured under *Accidental Death Cover*.

Benefit Amount and Limits

The maximum aggregate sum insured that may be provided for all accidental injury benefits provided by *Accidental Injury Cover* on an individual life insured is \$200,000*, irrespective of the number of insurances held in respect of that person. Sums insured over the maximum amount are permitted where it occurs as the result of an automatic annual increase.

The sum insured provided under *Accidental Injury Cover* must not exceed the sum insured provided for the life insured under *Accidental Death Cover*.

** the maximum is \$30,000 for life insureds aged 17 and under*

Broken Bone Benefit

The amount of the benefit payable for a Broken Bone is 10% of the sum insured at the date the life insured suffered from the Broken Bone, capped at either \$5,000, \$10,000 or \$20,000 depending upon the fracture suffered (see further the definition of Broken Bone on page 39). Following payment of a benefit for a Broken Bone, the cover will continue with the sum insured being automatically reduced by the amount of the benefit paid for the Broken Bone.

The following additional rules will apply to a claim for a Broken Bone:

- you can claim a maximum of three benefits for a Broken Bone, after which time cover for a Broken Bone will no longer be available under this benefit option.
- only one benefit for a Broken Bone will be paid where more than one Broken Bone arises from the accident or a series of related accidents, being the higher benefit amount. This applies whether or not they are different bones and whether or not they occurred simultaneously.
- a subsequent claim for a Broken Bone will only be paid where it is new and unrelated to the accident or the series of related accidents which gave rise to a previously paid claim for a Broken Bone.

Exclusions

We will not pay the benefit if the accident that resulted in the life insured's Broken Bone occurred before the date 3 months after the commencement of cover. For the remaining insured injuries, we will not pay the benefit if the accident that resulted in the life insured's injury occurred before the commencement date.

Additionally, we will not pay the benefit if the life insured's injury is a direct or indirect result of:

- self-inflicted injury
- criminal activity
- aerial activity
- motorised sport
- war or terrorism
- alcohol or drugs
- intentional act by carer (only applies to lives insured under 18 years of age)
- specific occupational tasks

The full wording of each of these exclusions is set out on pages 40 and 41.

Termination of Cover

In addition to the circumstances set out in “When Cover Ends” on page 31, the cover for this benefit option will automatically terminate:

- on the anniversary date immediately following the life insured’s 90th birthday;
- upon the termination of the *Accidental Death Cover* held as a pre-condition to obtaining this cover; or
- upon payment of the accidental injury benefit (other than for a Broken Bone).

This overview should be read in conjunction with the other information contained in this PDS that applies to this benefit option and to the Freedom Protection Plan generally.

YOUR PREMIUMS

The premium is the cost of your cover and in order for your Plan to continue your premium must be paid by the due date.

The amount of your premium (or the instalment premium) will be provided to you by Freedom Insurance at the time that you apply for cover and will otherwise be notified to you as it changes throughout the life of your Plan. Importantly, where there is more than one life insured under your Plan, the premiums for all life insureds must be paid together so that only one premium payment is made.

We may choose to waive your obligation to make a premium payment at any time at our discretion.

Payment Frequency Options

You may choose to pay your premiums:

- annually;
- by monthly instalments. This will be at the rate of 1/12 of the annual premium amount; or
- by fortnightly instalments. This will be at the rate of 1/26 of the annual premium amount.

There is no loading for payment of premiums by monthly or fortnightly instalments and there is no discount for a single annual payment.

Payment Due Date

All premiums are to be paid in advance except where we have agreed to an alternative billing date that you have requested. Freedom Insurance will be able to help you select a suitable billing date that is within the range of dates that we permit.

Payment Methods

You can choose any one of a number of simple and convenient payment methods. We currently accept payments by MasterCard, Visa, American Express or by automatic debit from your bank, building society or credit union account. There is no surcharge for credit cards.

You will need to provide us with the authority to obtain the premium payment.

Premium Rates

Separate premium rates apply to each of the respective benefit and premium options.

Final Expenses Cover: You can choose from either the level or stepped premium options with your choice applying to all lives insured that you wish to be covered under your *Final Expenses Cover*.

- Stepped Premium Option: The premium rates are dependent upon the life insured's gender and age at each anniversary date.

- **Level Premium Option:** The premium rates are primarily dependent upon the life insured's gender and age at the commencement date. The premium rate that is to apply for the duration of the cover:
 - › to the sum insured applying at the commencement date will be the rate applicable to the life insured's age at the commencement date.
 - › to subsequent increases to the sum insured (including automatic annual increases) will be the rate applicable to the life insured's age at the date of each respective increase.

The rates for the level premium option will generally be higher than the stepped premium rate at the same age but will allow you to lock in your premium rate and avoid the age related increases to your premiums that result from the life insured being a year older on each anniversary date. The premium rates for the level premium option may only be varied as permitted under "Changes to Premium Rates" (see below).

Accidental Death Cover and Accidental

Injury Cover: The premium rates for each of these benefits are based on a single flat rate per \$1,000 of the benefit amount and are not affected by the age or gender of the life insured.

To determine the premium payable for each benefit option that you have obtained cover for, we simply multiply the applicable

premium rate by each \$1,000 (or part thereof) of the amount of the cover you have obtained for the respective benefit.

Premium Calculation

Your premium is calculated annually and will apply for the next year of the cover. This calculation is done at the commencement of your Plan and again on each anniversary of your Plan or when there is a change to your cover. The premium amount is calculated separately on a benefit by benefit basis for each life insured under your Plan.

As the annual premium payable is dependent upon the benefit amount for each of the benefit options that you have chosen and the current age of the lives insured*, it will usually change during the life of your Plan.

If there are any changes between anniversary dates to the type of cover provided by your Plan or any of the benefit amounts, this will require the annual premium to be recalculated for the remainder of the current year of cover. A premium adjustment will then be required to take account of the change.

** under Final Expenses Cover's level premium option, the premium amount applicable to the benefit amount set at the commencement date will not be affected by age related increases (see above).*

Changes to Premium Rates

The premium rates are not guaranteed and may be changed in accordance with the rules of the Freedom Insurance Benefit Fund. We will need to give you 30 days advance written notice of any change and (other than in exceptional circumstances) the change will only be effective from the next anniversary date of your Plan.

If premium rates are to be changed, then we must apply the revised rates to all insurances within a defined group and therefore you will not be singled out for an increase irrespective of changes to the life insured's health, occupation or pastimes.

Upon your request we will provide you with the current premium rates for any in-force benefit option that you have.

Failure to Pay Premiums

In order to maintain your cover you must pay your premiums when they are due. If for any reason your premium (or premium instalment) is not paid by its due date, we will write to you and remind you of the need to provide us with the payment. We will give you a grace period of at least 28 days in which to pay the overdue amount, but we will cancel your Plan if the overdue amount is not paid by the time required in the notice (except where any *Final Expenses Cover* includes the Paid Up Value option and is automatically converted to a "paid up insurance").

If we cancel your Plan all cover will cease and you will not be able to make a claim under

the insurance for events that occurred after it was cancelled. If an event that entitles you to a benefit occurs before the Plan is cancelled, we will pay the benefit amount due less any unpaid premiums.

Where there is more than one life insured covered under the Plan, the non-payment of a premium may result in the cancellation of all insurances provided under the Plan.

Government Charges

The premium rates for all benefits are inclusive of all government charges, taxes, duties and GST ("**government charges**"). In the event that the relevant authority increases the current government charges or new or additional government charges are introduced in connection with your Plan, we may require you to pay these amounts. As a consequence we may increase your premiums to cover these costs. We will tell you in advance if this is required.

We will deduct from the payment of a benefit, such government charges we are required by law to deduct from the payment.

EXCLUSIONS AND REDUCTIONS IN BENEFITS

Exclusions

Your cover will be subject to a limited number of exclusions and these differ between the various benefit options. It is important that you are aware of the full list of the exclusions that your cover will be subject to and these are set out in the detailed benefit summaries on pages 14 to 22.

A benefit will not be paid where the insured event occurred either directly or indirectly as a result of any of the exclusions applying to the benefit option in question.

Reduction in Benefit Amount Payable

Where a benefit (or the cumulative amount of benefits payable across all of the insurances held in respect of a life insured) exceeds the maximum amount permitted for that benefit option as set out in this PDS, the amount of that benefit (or the cumulative amount of those benefits) will be reduced by the amount that the payment exceeds that benefit limit.

Exclusions Applying to Benefit Increases & Reinstatements

In addition to any special conditions that we place upon the approval of a benefit increase that you request, the amount of the increase will be subject to the following exclusions and limitations:

- **Final Expenses Cover.** The one year accidental death limitation on this benefit option will apply equally to the increase in cover for the period of one year from the date of the increase.
- **Accidental Injury Cover.** The 3 month exclusion for Broken Bones on this benefit option will apply equally to the increase in cover for the period of 3 months from the date of the increase.

These will apply similarly to your cover for these benefit options where we have agreed to reinstate that cover following its cancellation, with the exclusion or limitation to apply for the stated period from the date of the reinstatement of the cover.

BENEFIT PAYMENTS AND BENEFICIARIES

Entitlement to a Benefit

Benefits will only be payable:

- for insured events that occur after the commencement of the cover;
- for insured events that occur prior to the end of the cover; and
- for those benefits which are in force at the time that the insured event occurs.

Nominating Beneficiaries

Where you are the sole owner of your Plan and you are also a life insured, you may nominate up to four beneficiaries under a Plan to receive any benefit that is payable upon your death. A beneficiary cannot be nominated where there is more than one owner of the Plan.

For details on how to nominate a beneficiary, please call Freedom Insurance on **1300 88 44 88**.

Payment of Benefits

With the exception of the circumstances set out below, all benefits payable under your Plan will be paid to you (where you are the sole owner) or all the owners (where there are joint owners).

Where you are also the life insured under any benefit that becomes payable upon your death, the benefit will be paid as follows:

- where you are the sole owner and you have nominated one or more beneficiaries, the benefit will be paid to the beneficiaries in the nominated proportions. If a beneficiary dies before you and no change in nomination has been made, then that beneficiary's share will accrue to any other surviving beneficiaries in the nominated proportions.
- where you are the sole owner of the Plan and no beneficiary has been nominated (or there are no surviving beneficiaries), the benefit will be paid to the executors or administrators of your estate.
- where you are not the sole owner, the benefit will be paid to the surviving owners(s).

APPLYING FOR COVER

After satisfying yourself that you would like to obtain the valuable cover provided by the Freedom Protection Plan, you can apply over the telephone simply by calling Freedom Insurance. You may also be able to apply for the cover by other methods that we permit from time to time, such as by submitting a paper, electronic or internet application.

Where you apply for the cover by telephone or by submitting it electronically, there is no need to sign any documentation (including your payment authority) in order for the application to be assessed and for us to issue the cover. The same arrangements apply to any subsequent variations that you may request to your cover or where you wish to reinstate a benefit.

Obligation to Answer Questions Correctly

It is essential that all information that is provided in response to any questions asked in the application process is correct and that you and the life insured answer all questions honestly and accurately. This obligation extends to any information provided where you request to vary your cover or reinstate a benefit.

If you don't comply with these obligations and you subsequently make a claim, we may have the right to reduce the benefit payable or avoid paying the claim altogether. In certain circumstances we may have the right to cancel your insurance. Your duty of disclosure is set out in full on page 42.

Cooling-Off Period

We have extended the statutory cooling-off period to provide you with a greater opportunity to determine whether the product is suitable to your needs. If you decide that you do not wish to keep all of the benefits that you have obtained, you may cancel either some or all of the insurances issued under your Plan provided that you request the cancellation during the first 42 days of the cover. The cancellation will take effect from the commencement of your Plan cover and you will receive a full refund of any premium paid in respect of the benefits that you cancel.

The cooling-off period will cease to be available if a claim is made under your Plan during the 42 day period.

YOUR COVER

When Cover Starts

The cover provided by the Freedom Protection Plan starts when you are told that we have accepted your application. Within a short time of your application being accepted, you will be sent a Certificate of Membership confirming your Plan commencement date along with other details of your cover.

You should always check any documentation sent to you and contact Freedom Insurance immediately if anything needs correcting.

24 Hour Worldwide Cover

Cover will be provided for insured events occurring 24 hours a day anywhere in the world.

Cover is Guaranteed Renewable

All life insurance benefits under the Freedom Protection Plan are guaranteed renewable. This means that if you pay your premiums by the due date and comply with all other conditions of your Plan, we will continue to provide the cover on the existing terms and conditions until the expiry date of each of the benefits provided under your Plan.

Additionally, we are not permitted to cancel or place additional restrictions on your cover or increase your premium because of any change to the state of health, occupation, smoking status or pastimes of an individual life insured.

Expiry Date

For *Accidental Death Cover* and *Accidental Injury Cover* your cover will expire upon the next anniversary date of your Plan after the life insured attains age 90.

There is no expiry date for *Final Expenses Cover*.

When Cover Ends

You can cancel the cover provided for any benefit provided in respect of a life insured at any time. Additionally, the cover for any benefit provided in respect of a life insured under your Plan will terminate in the following circumstances:

- upon the death of the life insured.
- upon us cancelling your Plan where you have failed to pay premiums as required or because the eligibility requirements for that benefit were not met at the commencement date of the cover.
- at the expiry date for the benefit in question.
- upon us cancelling the cover in the limited circumstances permitted under the Freedom Insurance Benefit Fund Rules or by relevant legislation.

In addition to the above, the termination events which are specific to each individual benefit option are set out in the detailed benefit summaries on pages 14 to 22.

Effective Date of Cancellation

Should you cancel your Plan (or any insurance benefit issued under the Plan) after the cooling-off period:

- where your premiums are paid annually, the cover will terminate immediately with a pro-rata rebate of premiums paid to you based on the unexpired period of risk for that annual period of cover.
- where your premiums are paid monthly or fortnightly, cover will continue until the next fortnightly or monthly due date. There will be no refund of premium.

YOUR PLAN

Plan Ownership

The person who successfully applies for cover will be the owner of the Plan and all the insurances provided under the Plan. Being the owner of the Plan will entitle you to the benefits of the Plan and you will also be responsible for making sure that the premiums are paid.

Single Owner

Where you are the sole owner of the Plan and there are lives insured other than yourself under the Plan, then ownership of the Plan will revert to your estate upon your death.

Joint Owners

Where there is more than one person who owns the Plan, then the insurances provided by the Plan are owned jointly by those persons. Where there are lives insured other than yourself under the Plan, ownership of the Plan will revert to the surviving owner(s) upon your death.

Only single ownership of a Plan will be permitted except where specifically agreed to by us.

Cover Issued Under One or More Plans

Insurance cover may be issued under one or more separate Plans. Subject to the eligibility and benefit amount requirements we may issue cover for multiple benefit options and/or multiple lives insured under a single Plan. Where we do so, the premium for all benefits and all lives insured must be made in one consolidated payment.

More Than One Life Insured – Separate Insurances

Where there is more than one life insured covered under a single Plan, the cover provided in respect of each life insured will exist as a separate insurance. This means that:

- the terms and conditions of the Plan apply separately to each life insured.
- the benefits provided by the cover will be payable in relation to each life insured.
- the payment of a benefit in respect of one life insured will not affect the benefits provided in relation to the others.
- the termination of the cover on one life insured does not affect the cover provided in relation to the others.

CLAIMS

Notification of a Claim

If you (or your legal representative) wish to make a claim we must be notified as soon as is reasonably practical of the occurrence of the event that gave rise to the claim. All claims should be notified within one year of such an event. A delay in notifying could affect your entitlement to a benefit if we have been prejudiced by the delay.

Claim Proofs

Before we will pay a claim, we will need to be provided with proof to establish that the insured event has occurred and that you are entitled to be paid a benefit. We may refuse to pay a claim if there is insufficient evidence provided.

In all cases we will need to be provided with a completed claim form and such other documentation and evidence that we request. This may include a report from a registered medical practitioner or a post mortem examination. The documentation and evidence that we require is to be obtained by you and the cost of this is your responsibility.

Additional Evidence

We may require additional information as part of our consideration of the claim and this may include having the life insured examined by a registered medical practitioner or other health care practitioner that we choose.

Where we require a life insured to undergo a medical examination, we will pay for that examination. Without cost to us, we may also require the life insured to return to Australia to undertake the examination.

Making a Claim

We are committed to paying valid claims as quickly as possible and will start processing your claim as soon as all of the required documentation has been received.

If you or your legal representative wish to make a claim, please call Freedom Insurance on **1300 88 44 88**. Freedom Insurance will inform you of our requirements and assist you through the claim process.

OTHER IMPORTANT INFORMATION

Currency

All payments to be made in connection with the Freedom Protection Plan (including premium and benefits payments) are payable in Australia in Australian currency.

Freedom Insurance Benefit Fund

Freedom Protection Plan is issued from the Freedom Insurance Benefit Fund. All premiums received in relation to your Plan are paid into this fund and this is also the fund from where all the insurance benefits are paid. Your Plan (and the insurances issued under your Plan) are non-participating and do not participate in the profits of our company or the Freedom Insurance Benefit Fund.

Taxation

Generally the premiums paid for your cover are not tax deductible and the benefits you receive are not assessable for income tax purposes. This is a general statement and is based on the continuance of taxation laws and their interpretation that were current at the date this document was prepared. You should seek advice from a suitably qualified taxation professional in relation to your particular circumstances.

No Surrender Value

Freedom Protection Plan provides risk insurance cover only and neither your Plan nor any of the insurances issued under your Plan has a surrender value. All premiums paid are used to provide life insurance cover and you will not receive a refund of any premiums if your Plan is cancelled after the cooling-off period has expired, except where you are entitled to pro rata refund of any annual premiums paid on your Plan where you cancelled the cover (see page 31).

Privacy

We are committed to protecting and maintaining the privacy, accuracy and security of our customer's personal information. Further details regarding the collection, use and disclosure of your personal information is set out in our Privacy Notification Statement on page 43. If you have any questions about the handling of your personal information please contact Freedom Insurance and they will be able to assist.

You can also find a copy of our full Privacy Policy at www.freedominsurance.com.au

Distributor Obligations

The licensed distributor of the Freedom Protection Plan and its representatives have no responsibility to you in connection with the provision of insurance benefits under your Plan (including the payment of any benefit).

Risks Associated With Life Insurance

Freedom Protection Plan provides life insurance cover only and can be cancelled by you at any time without penalty. This is unlike some other types of life insurance that have savings and investment components.

However, there are some risks associated with this type of life insurance including:

Not selecting the right type and amount of cover

Not having cover that meets your specific needs can be a risk. You should read this PDS carefully to ensure that the benefit options and the level of cover you choose suit your financial situation and your personal needs and objectives.

Accident only cover

Some of the benefit types contain accident only cover. Whilst this provides valuable life insurance protection it does not provide cover for death or injuries caused other than by an accident. You should satisfy yourself that this type of cover is sufficient for your needs.

Benefits only available whilst cover in-force

To be entitled to claim a benefit under Freedom Protection Plan the insured event must occur whilst the cover is in force. Importantly, your cover will be cancelled if you do not pay your premium when required.

Failure to answer questions truthfully

A claim may be rejected or a benefit amount reduced if we have not received true and correct answers to the questions which we ask when considering whether to issue, increase or vary your cover.

No cash value

Other than for the cashback payment that may be payable upon the termination of *Final Expenses Cover* where you have chosen the Cashback option, your Plan has no cash or surrender value. This means that if you cancel your Plan (after the 42 day cooling-off period) you will not receive anything back.

Correspondence

All correspondence (including your Certificate of Membership) will be sent to you at the address you last told us. If you provide us with an email address, we may send correspondence to you by email (where the law permits).

It is essential that you tell Freedom Insurance of any change in your postal or email addresses.

Instructions

We may accept instructions from you by telephone or such other electronic means as permitted by us from time to time. Only you (as the owner of the Plan) can make changes to your cover.
