# BENEFIT OPTIONS

The table on this page sets out information about the benefit options available and in general terms, the events upon which a benefit is payable.

## Choosing From the Available Benefits

Here's how it works.

1. Freedom Premium Life provides *Premium Life Cover* to all that apply with the option for you to then add *Premium Trauma Cover*. Simply determine the type and level of cover that you require.
2. The cover may apply to one or two persons and you just need to decide whether to obtain the cover upon yourself or other family members who meet the eligibility requirements set out on page 7.

Importantly, Freedom Insurance will be able to assist you with all matters regarding the benefits that are available as well as the eligibility requirements for any person that you wish to have as a life insured under your cover.

### Core Benefit

#### Premium Life Cover

Cover of up to \$750,000 payable upon death or terminal illness.

### Plus Optional Benefit

#### Premium Trauma Cover

Cover of up to \$225,000 payable upon the occurrence of any one of 17 specified sicknesses or injuries.

Payment of a trauma benefit operates as an advance of the death benefit under *Premium Life Cover* by automatically reducing the death benefit by the amount of any trauma benefit paid.

*This is provided as an overview of the available options. For full details of the benefits and the circumstances upon which they are payable see page 10 to 13.*

# ELIGIBILITY

To be eligible to obtain the cover provided by any of the benefits available under Freedom Premium Life, you must be:

- an Australian Resident (see page 28).
- aged 18 or over at the date of the application.

## Cover for up to 2 Lives Insured

You may include up to 2 persons as a life insured under each of the available benefit types provided that each person meets the additional life insured eligibility requirements for each of the benefits that you request.

## Life Insured Eligibility

To be eligible to be a life insured, the person must:

- be an Australian Resident (see page 28).
- meet the age requirements for the requested benefit as set out in the table below.
- be the applicant or a relative of the applicant and otherwise be the life insured under any other benefit that is required to be held as a precondition to the requested benefit. These requirements are also set out in the table below. (see page 28 for meaning of “relative”).

The applicant need not be a life insured but where they are, they must also meet these additional requirements.

## Short Form Underwriting

The life insured will be required to answer a series of simple underwriting questions. Your application will be accepted provided all eligibility requirements have been met and the proposed life insured answers the questions to our satisfaction.

Importantly, no medical examinations or reports will be sought at the time of your application.

*The eligibility requirements referred to on this page may be varied or waived at our discretion.*

<b>Benefit Type</b>	<b>Life Insured Eligibility Age</b>	<b>Other Life Insured Eligibility Requirements</b>
<i>Premium Life Cover</i>	18 – 65	Policyowner or relative of the Policyowner
<i>Premium Trauma Cover</i>	18 – 60	Must also be the life insured under <i>Premium Life Cover</i>

# BENEFIT LEVELS

## Determining Your Benefit Amounts

The benefit amount (sum insured) for each benefit type will be the amount that you request at the time of your application. All benefit amounts must be within the minimum and maximum sums insured permitted for the requested benefit type as well as meeting any other requirements specific to that benefit type. Different sums insured may be requested for each life insured.

The minimum and maximum benefit amounts and the additional benefit amount requirements are set out in the table on the following page.

## Existing Insurances

A person may be a life insured under the same benefit type in more than one Plan. However, this is only permitted where at the date of the application the cumulative sums insured across all of the insurances held in respect of that life insured for that benefit type does not exceed the maximum amount permitted for that benefit as set out in the table.

## Changes to Benefit Amounts

After the commencement of your cover you can request that any of your benefit amounts be changed.

In all cases the requested sum insured must continue to be within the minimum and maximum benefit amounts permitted and must otherwise continue to meet the requirements set out in the “Other Benefit Amount Requirements” column of the table. Any change in the sum insured will affect the amount of your premium (see page 15) and exclusions may apply to the amount of any increase that is granted (see page 17).

## Automatic Indexation of Benefits

To ensure the value of your benefits are not eroded by inflation, we will automatically increase the amount of all of your benefits each year by 5%. We will do this on each anniversary of the commencement date of your Plan and the increase will apply for the next 12 months of cover.

This is subject to the following:

- you may reject an automatic increase in respect of any benefit within the 30 days following the Plan anniversary from which the increase was to apply.
- you may require that you are not to be offered the automatic increase in future years in relation to any benefit. Acceptance of any request by you for the automatic increase to be reinstated will be at our discretion.
- any rejection of the automatic increase for a *Premium Life Cover* benefit is subject to the sum insured for the *Premium Life Cover* benefit continuing to equal or exceed the sum insured under any *Premium Trauma Cover* that you have upon that same life insured (see the requirements set out in the “Other Benefit Amount Requirements” column of the table).

## Acceleration of Benefit Payments

*Premium Trauma Cover* can be taken as an extension to *Premium Life Cover* but this will mean that the benefit amount under *Premium Life Cover* will be reduced automatically following the payment of a trauma benefit under *Premium Trauma Cover* in respect of that same life insured.

Benefit Type	Minimum Benefit	Maximum Benefit	Other Benefit Amount Requirements	Other Comments
<i>Premium Life Cover</i>	\$50,000	\$750,000	—	Death benefit will be automatically reduced by the amount of any trauma benefit paid under <i>Premium Trauma Cover</i>
<i>Premium Trauma Cover</i>	\$15,000	\$225,000	Benefit amount must not exceed the sum insured under <i>Premium Life Cover</i>	—

The requirements set out in this table may be varied or waived at our discretion.

# PREMIUM LIFE COVER

*Premium Life Cover* provides cover for up to \$750,000 that is payable upon death or terminal illness.

## Benefits

### Death Benefit & Benefit Payable

We will pay the death benefit where the life insured dies. The death benefit payable is the amount of the sum insured that applies on the date of death and this will be paid as a lump sum.

### Terminal Illness Benefit & Benefit Payable

We will pay the terminal illness benefit where the life insured suffers a terminal illness. The benefit payable is the same as the amount of the death benefit that applies on the date that the terminal illness occurred. This benefit will also be paid as a lump sum.

The life insured suffers from a “**terminal illness**” where in our opinion the life insured is suffering from an illness or condition and as a result of that illness or condition has a life expectancy of less than 12 months (when taking into account the current treatment for the life insured or such other treatment that the life insured may reasonably be expected to receive).

In order to form this opinion we will need this confirmed by a medical practitioner that specialises in the life insured’s illness or condition. A terminal illness is deemed to have occurred at the date that the life insured is diagnosed as having a life expectancy of less than 12 months, irrespective of the date we formed the opinion that the life insured suffers from a terminal illness.

### Benefit Amount Limits

The maximum aggregate sum insured that may be provided for all death benefits provided by *Premium Life Cover* on an individual life insured is \$750,000, irrespective of the number of insurances held in respect of that person. We will not pay death benefits in excess of this amount on a life insured unless we have chosen to waive the maximum aggregate sum on that person. Sums insured over the maximum amount are permitted where it occurs as the result of an automatic annual increase.

The sum insured for *Premium Life Cover* will be automatically reduced by the amount of any trauma benefit paid under *Premium Trauma Cover* on the same life insured. The payment of a terminal illness benefit will automatically reduce the death benefit sum insured on that same life insured to nil, causing all cover on that life insured to cease.

### Exclusions

We will not pay the death or terminal illness benefit if the life insured’s death or terminal illness (or the event that gave rise to this) occurred before the commencement date.

Additionally, we will not pay the benefit if the life insured’s death or terminal illness (or the event giving rise to this) is a direct or indirect result of:

- suicide within 13 months of commencement (or self-inflicted injury in the first 13 months for the terminal illness benefit)
- criminal activity
- alcohol and drugs

*The full wording of each of these exclusions is set out on page 32.*

## Termination of Cover

In addition to the circumstances set out in “When Cover Ends” on page 22, the cover for *Premium Life Cover* on a life insured will automatically terminate:

- on the anniversary date immediately following the life insured’s 99<sup>th</sup> birthday;
- upon a terminal illness benefit having been paid in respect of the life insured; or
- upon the sum insured for *Premium Life Cover* on the life insured being reduced to “nil” as a result of the payment of the trauma benefit under *Premium Trauma Cover* in respect of that life insured. That will only occur where the trauma benefit paid is equal to the sum insured for this benefit.

---

This benefit specific information should be read in conjunction with the other information contained in this PDS that applies to this benefit type and to Freedom Premium Life generally.

# PREMIUM TRAUMA COVER

*Premium Trauma Cover* provides cover for up to \$225,000 that is payable upon the occurrence of any one of the 17 specified medical conditions or injuries.

Cover can only be obtained for this benefit type where you also have in-force cover for the same life insured under *Premium Life Cover*.

## Benefits

### Trauma Benefit

We will pay the trauma benefit upon the life insured first suffering any one of the following 17 insured conditions:

- Cancer (excluding early stage cancer)\*
- Coma
- End Stage Kidney Failure\*
- Heart Attack\*
- Irrecoverable Blindness
- Irrecoverable Loss of Hearing
- Irrecoverable Loss of Speech
- Loss of Independent Existence
- Irrecoverable Loss of Use of Limbs
- Major Head Trauma (resulting in Permanent Neurological Deficit)
- Multiple Sclerosis\*
- Open Chest Coronary Bypass Surgery\*
- Paralysis
- Pneumonectomy
- Severe Burns
- Stroke (resulting in specified neurological deficit)\*
- Broken Bones<sup>^</sup>

A trauma benefit is a once only benefit<sup>^</sup> and is only payable where the condition suffered by the life insured meets the definition of the relevant insured condition. *The full definitions of these insured conditions are set out on pages 29 to 32.*

*\* 3 month exclusion applies (see page 13).*

*<sup>^</sup> Broken Bone only applies to a limited range of serious fractures and pays a partial trauma benefit for a maximum of 3 claims (see page 13).*

The time at which the life insured, will be considered to have “**first suffered**” from the insured condition is set out on page 28.

### Benefit Payable

Other than for a Broken Bone, the trauma benefit payable is the amount of the sum insured that applies on the date the life insured first suffers from the insured condition and this will be paid as a lump sum. The payment of this benefit will automatically reduce the death benefit payable in respect of that life insured under *Premium Life Cover* (see page 10).

### Benefit Amount and Limits

The maximum aggregate sum insured that may be provided for all trauma benefits provided by *Premium Trauma Cover* on an individual life insured is \$225,000, irrespective of the number of insurances held in respect of that person. We will not pay trauma benefits in excess of this amount on a life insured unless we have chosen to waive the maximum aggregate sum on that person. Sums insured over the maximum amount are permitted where it occurs as the result of an automatic annual increase.

The sum insured provided under *Premium Trauma Cover* must not exceed the sum insured provided for the life insured under *Premium Life Cover*.

## Broken Bones

The amount of the trauma benefit payable for a Broken Bone is 10% of the sum insured at the date the life insured first suffered from the Broken Bone, capped at either \$5,000, \$10,000 or \$20,000 depending upon the fracture suffered (see further the definition of Broken Bone on page 29). Following payment of a partial trauma benefit for a Broken Bone, the cover will continue with the sum insured being automatically reduced by the amount of the benefit paid for the Broken Bone.

The following additional rules will apply to a claim for a Broken Bone:

- you can claim a maximum of three partial trauma benefits for a Broken Bone in respect of any one life insured, after which time cover for a Broken Bone will no longer be available under *Premium Trauma Cover* for that life insured.
- only one partial trauma benefit for a Broken Bone will be paid where more than one Broken Bone arises from the same accident or a series of related accidents, being the higher benefit amount. This applies whether or not they are different bones and whether or not they occurred simultaneously.
- a subsequent claim for a partial trauma benefit for a Broken Bone will only be paid where it is new and unrelated to the accident or the series of related accidents which gave rise to a previously paid claim for a Broken Bone.

## Exclusions

We will not pay the trauma benefit for an insured condition where:

- the life insured first suffered from the insured condition before the commencement date of the cover;
- the insured condition is Cancer (excluding early stage cancer), End Stage Kidney Failure, Heart Attack, Multiple Sclerosis, Open Chest Coronary Bypass Surgery, or Stroke (resulting in specified neurological

deficit) and the life insured first suffers from that insured condition during the 3 month period following the commencement date of cover or the signs or symptoms leading to the life insured first suffering that insured condition became apparent during that period; or

- the event that gave rise to the insured condition occurred before the commencement date of the cover.

Where this occurs we will never pay a benefit for that insured condition even if the life insured suffers from it again, unless it is a new and unrelated occurrence of the insured condition\*.

Additionally, we will not pay the benefit if the insured condition (or the event giving rise to this) is a direct or indirect result of:

- self-inflicted injury
- criminal activity
- alcohol or drugs

*The full wording of each of these exclusions is set out on page 32.*

*\* subject always to the application of any of the other exclusions listed.*

## Termination of Cover

In addition to the circumstances set out in “When Cover Ends” on page 22, the cover for *Premium Trauma Cover* on a life insured will automatically terminate:

- on the anniversary date immediately following the life insured’s 65<sup>th</sup> birthday;
- upon the termination of the *Premium Life Cover* on the life insured that was held as a pre-condition to obtaining this cover; or
- upon payment of the trauma benefit in respect of the life insured (other than for a Broken Bone).

---

**This benefit specific information should be read in conjunction with the other information contained in this PDS that applies to this benefit type and to Freedom Premium Life generally.**

# YOUR PREMIUMS

The premium is the cost of your cover and in order for your Plan to continue your premium must be paid by the due date.

The amount of your premium (or the instalment premium) will be provided to you by Freedom Insurance or its' representatives at the time that you apply for cover and will be notified to you as it changes throughout the life of your Plan. Importantly, where there is more than one life insured under your Plan, the premiums for all lives insured must be paid together so that only one premium payment is made.

*We may choose to waive your obligation to make a premium payment at any time at our discretion.*

## Payment Frequency Options

You may choose to pay your premiums:

- annually;
- by monthly instalments. This will be at the rate of 1/12 of the annual premium amount; or
- by fortnightly instalments. This will be at the rate of 1/26 of the annual premium amount.

There is no loading for payment of premiums by monthly or fortnightly instalments and there is no discount for a single annual payment.

## Payment Due Date

All premiums are to be paid in advance except where we have agreed to an alternative billing date that you have requested. Freedom Insurance will be able to help you select a suitable billing date that is within the range of dates that we permit.

## Payment Methods

You can choose any one of a number of simple and convenient payment methods. We currently accept payments by MasterCard, Visa, American Express or by automatic debit from your bank, building society or credit union account. There is no surcharge for credit cards.

You will need to provide us with the authority to obtain the premium payment.

## Premium Rates

Separate premium rates apply to each of *Premium Life Cover* and *Premium Trauma Cover*.

The premium rate used to calculate your premium amount is dependent upon the life insured's gender and age at each anniversary date and whether they are a smoker or non-smoker.

The premium rates may only be varied as permitted under "Changes to Premium Rates" (see page 15).

## Premium Calculation

Your premium is calculated annually and will apply for the next year of the cover. This calculation is done at the commencement of your Plan and again on each anniversary of your Plan or when there is a change to your cover.

To determine the premium payable for each benefit type that you have obtained cover for, we simply multiply the applicable premium rate by each \$1,000 (or part thereof) of the amount of the cover you have obtained for the respective benefit. The premium amount is calculated separately on a benefit by benefit basis for each life insured under your Plan.

As the annual premium payable is dependent upon the benefit amount for each of the benefit types that you have chosen and the current age of the lives insured, it will change during the life of your Plan. If there are any changes between anniversary dates to the type of cover provided by your Plan or any of the benefit amounts, this will also require the annual premium to be recalculated for the remainder of the current year of cover. A premium adjustment will then be required to take account of the change.

### Changes to Premium Rates

The premium rates for your cover are set by us and are not guaranteed. They may be changed by us upon us giving you 30 days advance written notice of any change and (other than in exceptional circumstances) the change will only be effective from the next anniversary date of your Plan.

In order for us to change your premium rates we must apply the revised rates to all insurances within a defined group and therefore you will not be singled out for an increase irrespective of changes to the life insured's health, occupation or pastimes.

Upon your request we will provide you with the current premium rates for any in-force insurance that you have.

### Smoker and Non-Smoker Rates

For both *Premium Life Cover* and *Premium Trauma Cover* the premium rates will vary according to whether the life insured is classified as either a smoker or non-smoker. To be classified as a non-smoker, the life insured must not have smoked tobacco or any other substance (including e-cigarettes) or used nicotine replacement products in the 12 months prior to the application for cover.

If you subsequently inform us in writing that the life insured has given up smoking for more than 12 months, premiums will be reduced to non-smoker rates, effective from the date we receive the notification.

### One Month Premium Free Period

One of the special features of Freedom Premium Life Plan is that no premiums are payable for the month of December in each and every year of your cover. This will apply to the respective premium payment options as follows:

- **Annual:** the annual premium due each year will be 11/12 of the full annual premium.
- **Monthly:** the monthly premium due in December each year will be waived.
- **Fortnightly:** the last 2 fortnightly premium instalments due in each calendar year will be waived.

### Failure to Pay Premiums

In order to maintain your cover you must pay your premiums when they are due. If for any reason your premium (or premium instalment) is not paid by its due date, we will write to you and remind you of the need to provide us with the payment. We will give you a grace period of at least 28 days in which to pay the overdue amount, but we will cancel your Plan if the overdue amount is not paid by the time required in the notice.

If we cancel your Plan all cover will cease and you will not be able to make a claim under the insurance for events that occurred after it was cancelled. If an event that entitles you to a benefit occurs before the Plan is cancelled, we will pay the benefit amount due less any unpaid premiums.

Where there are two lives insured covered under the Plan, the non-payment of a premium for one life insured may result in the cancellation of all insurances provided under the Plan.

## Government Charges

The premium rates for all benefits are inclusive of all government charges, taxes, duties and GST (“**government charges**”). In the event that the relevant authority increases the current government charges or new or additional government charges are introduced in connection with your Plan, we may require you to pay these amounts. As a consequence we may increase your premiums to cover these costs. We will tell you in advance if this is required.

We will deduct from the payment of a benefit, such government charges we are required by law to deduct from the payment.

## Policy Fee

At this time there is no policy fee payable in connection with Freedom Premium Life. However, we reserve the right to introduce an annual policy fee that is payable in addition to your premium. Should this occur:

- we will give you at least 30 days advance written notice and the fee will only apply from the next anniversary date of your Plan.
- the fee will be a flat fee payable on a per Plan basis and will be unaffected by the benefit types chosen, their respective sum insureds or the number of lives insured covered.
- the fee may increase by up to 5% on 1 January each year as determined by us.
- where your premium is paid in installments, any annual policy fee will be payable in equal instalments together with your premium payments.
- we can introduce or change the amount of the annual policy fee or the manner of its calculation by giving you at least 30 days advance notice. However, in order for us to do this we must also apply the new or revised policy fee to all insurances within a defined group and therefore you will not be singled out to pay the fee.

## Hardship Request

If you are suffering from hardship and are having difficulty meeting your premium obligations we may agree to a short term arrangement to assist. It is important that you make us aware of your circumstances so we can provide you with the options that we may make available. We may request that you provide us with reasonable evidence of your circumstances that has led to your request for assistance.

# EXCLUSIONS, LIMITATIONS & REDUCTIONS IN BENEFITS

## Exclusions

Your cover will be subject to a limited number of exclusions and these differ between the various benefit types. It is important that you are aware of the full list of the exclusions that your cover will be subject to and these are set out in the detailed benefit summaries on pages 10 and 13.

A benefit will not be paid where the insured event occurred either directly or indirectly as a result of any of the exclusions applying to the benefit types in question.

## Reduction in Benefit Amount Payable

Where a benefit (or the cumulative amount of benefits payable across all of the insurances held in respect of a life insured) exceeds the maximum amount permitted for that benefit type as set out in this PDS, the amount of that benefit (or the cumulative amount of those benefits) will be reduced by the amount that the payment exceeds that benefit limit. Sums insured over the maximum amount are permitted where it occurs as the result of an automatic annual increase.

## Exclusions Applying to Benefit Increases

In addition to any special conditions that we place upon the approval of a benefit increase that you request and the standard exclusions applying to the benefit type in question, the amount of the increase will also be subject to the following limitations\*:

- **Premium Life Cover.** The suicide exclusion on this benefit type will apply equally to the increase in cover for the period of 13 months from the date of the increase.

- **Premium Trauma Cover.** The 3 month exclusion for the insured conditions of Cancer (excluding early stage cancer), End Stage Kidney Failure, Heart Attack, Multiple Sclerosis, Open Chest Coronary Bypass Surgery and Stroke (resulting in specified neurological deficit) on this benefit type will apply equally to the increase in cover for the period of 3 months from the date of the increase.
- **All Benefit types.** The increase in cover will not be payable for any benefit type where the insured event (or the event that gave rise to the insured event) occurred before the date of the increase.

*\* Doesn't apply to automatic indexation increases.*

## Exclusions Applying to Reinstatements

In addition to any special conditions that we place upon the approval of a reinstatement that you request and the standard exclusions applying to the benefit type in question, the reinstated cover will also be subject to the following limitations:

- **Premium Life Cover.** The suicide exclusion on this benefit type will apply equally to the reinstated cover for the period of 13 months from the date of reinstatement.
- **Premium Trauma Cover.** The 3 month exclusion for the insured conditions of Cancer (excluding early stage cancer), End Stage Kidney Failure, Heart Attack, Multiple Sclerosis, Open Chest Coronary Bypass Surgery and Stroke (resulting in specified neurological deficit) on this benefit type will apply equally to the reinstated cover for the period of 3 months from the date of reinstatement.

- **All Benefit types.** A benefit will not be payable for any benefit type where the insured event (or the event that gave rise to the insured event) occurred before the date of reinstatement.

*These exclusions may be waived or varied by us at our discretion at the time of reinstatement depending upon your circumstances.*

### **Failure to Meet Eligibility**

This PDS sets out a number of eligibility requirements that both you and the life insured must meet in order for you to obtain cover. If there is a failure to meet any of these requirements, we may:

- cancel the Plan or any insurance issued thereunder;
- decline a claim; or
- reduce the amount we have to pay in the event of a claim.

### **Sanctions Laws**

We will not make a claim payment to you or any beneficiary under any insurance issued under your Plan where the payment would be in breach of any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of Australia, the European Union, United Kingdom or United States of America.

# BENEFIT PAYMENTS & BENEFICIARIES

## Entitlement to a Benefit

Benefits will only be payable:

- for insured events that occur after the commencement date of the cover;
- for insured events that occur prior to the end of the cover; and
- for those benefits which are in force at the time that the insured event (or the event giving rise to the insured event) occurs.

Details of the insured events for each benefit type and the circumstances when benefits will and will not be paid are set out in this PDS.

## Nominating Beneficiaries

Where you are the sole owner of your Plan and you are also a life insured, you may nominate up to four beneficiaries under a Plan to receive the death benefit that is payable under *Premium Life Cover* upon your death. A beneficiary cannot be nominated where there is more than one owner of the Plan and the beneficiary can only be a natural person.

For details on how to nominate a beneficiary, please call Freedom Insurance on **1300 88 44 88**.

## Payment of Benefits

With the exception of the circumstances set out below, all benefits payable under your Plan will be paid to you (where you are the sole owner) or to all the owners (where there are joint owners).

Where you are also the life insured and the death benefit under *Premium Life Cover* becomes payable upon your death, the benefit will be paid as follows:

- where you are the sole owner of the Plan and:
  - > you have nominated one or more beneficiaries, the death benefit will be paid to the beneficiaries in the nominated proportions. If a beneficiary dies before

you and no change in nomination has been made, then that beneficiary's share will accrue to any other surviving beneficiaries in the nominated proportions.

- > one or more of the beneficiaries that have been nominated are aged under 18 years at the time the death benefit is payable, their proportion of the benefit will only be paid to a trustee or legal guardian for the benefit of that beneficiary until that beneficiary attains age 18.
- > no beneficiary has been nominated (or there are no surviving beneficiaries), the death benefit will be paid to the executors or administrators of your estate.
- where you are not the sole owner, the benefit will be paid to the surviving owners(s).

# APPLYING FOR COVER

After satisfying yourself that you would like to obtain the valuable cover provided by Freedom Premium Life, you can apply over the telephone simply by calling Freedom Insurance.

You may also be able to apply for the cover by other methods that we permit from time to time, such as by submitting a paper, electronic or internet application.

Where you apply for the cover by telephone or by submitting it electronically, there is no need to sign any documentation (including your payment authority) in order for the application to be assessed and for us to issue the cover. The same arrangements apply to any subsequent variations that you may request to your cover or where you wish to reinstate a benefit.

## Obligation to Answer Questions Correctly & Your Duty of Disclosure

As our decision to provide insurance cover to you is based on the information provided by yourself and any life insured, it is essential that all information that is provided in response to any questions asked in the application process is correct and that you and the life insured answer all questions honestly and accurately. This obligation extends to any information provided where you request to vary your cover or reinstate a benefit.

If you don't comply with these obligations and you subsequently make a claim, we may have the right to reduce the benefit payable or avoid paying the claim altogether. In certain circumstances we may have the right to cancel your insurance. Your duty of disclosure is set out in full on page 35 and importantly this duty applies to both you and each life insured.

## Cooling-Off Period

We have extended the statutory cooling-off period to provide you with a greater opportunity to determine whether the product is suitable to your needs. If you decide that you do not wish to keep all of the benefits that you have obtained, you may cancel either some or all of the insurances issued under your Plan provided that you request the cancellation during the first 42 days of the cover\*. The cancellation will take effect from the commencement of your cover and you will receive a full refund of any premium paid in respect of the benefits that you cancel.

The cooling-off period will cease to be available if a claim is made under your Plan during the 42 day period.

*\* You will be unable to cancel your Premium Life Cover on a life insured without also cancelling the Premium Trauma Cover on that same life insured.*

# YOUR COVER

## Agreed Benefits

You will only be covered for the benefits you have requested and that we have agreed to provide. Within a short time of your application being accepted you will be sent a Policy Schedule confirming full details of your cover, including the benefit types you have chosen and the agreed benefit amounts.

## Your Plan Terms & Conditions

Where you have obtained the insurance cover provided by Freedom Premium Life, this PDS together with your application and the most recent Policy Schedule (or such other documentation that we have issued to you confirming the details of your cover) will form the terms and conditions of your insurance contract with us. You should keep this PDS and all documents that we send to you in a safe place for future reference.

You should always check any documentation sent to you and contact Freedom Insurance immediately if anything needs correcting.

## When Cover Starts

The cover provided by Freedom Premium Life starts when you are told that we have accepted your application. Your Policy Schedule will confirm the commencement date of your Plan together with the commencement date of the various insurances issued under your Plan.

## Changes to Your Cover

You may at any time request us to change or cancel some or all of your benefits or obtain cover for additional benefit types or lives insured. Any changes to your cover will not be effective unless agreed to by us. The documentation confirming the change will then form part of the terms and conditions of your Plan. All changes will be effected as a variation to your existing Plan and not the commencement of a new Plan.

The amount of your premium will usually change as a consequence of any change to your cover (see page 15).

## 24 Hour Worldwide Cover

Cover will be provided for insured events occurring 24 hours a day anywhere in the world.

## Cover is Guaranteed Renewable

All life insurance benefits under Freedom Premium Life are guaranteed renewable. This means that if you pay your premiums by the due date and comply with all other conditions of your Plan, we will continue to provide the cover on the existing terms and conditions until the expiry date of each of the benefits provided under your Plan.

Additionally, we are not permitted to cancel or place additional restrictions on your cover or increase your premium because of any change to the state of health, occupation, smoking status or pastimes of an individual life insured.

## When Cover Ends

You can cancel the cover provided for any benefit provided in respect of a life insured at any time. Additionally, the cover for any benefit provided in respect of a life insured under your Plan will terminate in the following circumstances:

- upon the death of the life insured.
- upon us cancelling your Plan where you have failed to pay premiums as required or because the eligibility requirements for that benefit were not met at the commencement date of the cover.
- at the expiry date for the benefit type in question.
- upon us cancelling the cover in the limited circumstances permitted by law, including where we exercise our rights in relation to a breach of your duty of disclosure.

In addition to the above, the termination events which are specific to each individual benefit types are set out in the detailed benefit summaries on pages 11 and 13.

## Effect of Termination

The termination of any insurance under your Plan does not affect any rights to a benefit that arose prior to that time but you will not be able to make a claim for an insured event that occurs after termination of the Plan or termination of the cover for that benefit type.

Cancellation of your *Premium Life Cover* on a life insured will also cause the cancellation of the *Premium Trauma Cover* on that same life insured.

## Effective Date of Cancellation

Should you cancel your Plan (or any insurance benefit issued under the Plan) after the cooling-off period:

- where your premiums are paid annually, the cover will terminate immediately with a pro-rata rebate of premiums paid to you based on the unexpired period of risk for that annual period of cover.
- where your premiums are paid monthly or fortnightly, cover will continue until the next fortnightly or monthly due date. There will be no refund of premium.

## Reinstatement of Your Cover

You may request us to reinstate your Plan or any insurance provided under the Plan after it has terminated. This request will need to be made as soon after the termination and usually within 90 days.

All requests for reinstatement are subject to our approval and we may ask you to provide us with information about the life insured to help us decide. If we do agree to reinstate the cover, we may also place additional conditions upon the reinstatement, including the payment of outstanding premiums (see also page 17).

# YOUR PLAN

## Plan Ownership

The person who successfully applies for cover will be the owner of the Plan and all the insurances provided under the Plan. Being the owner of the Plan will entitle you to the benefits of the Plan and you will also be responsible for making sure that the premiums are paid. Where you have obtained the insurance cover provided by Freedom Premium Life, you will be identified in the Policy Schedule as the Policyowner.

### Single Owner

Where you are the sole owner of the Plan and there are lives insured other than yourself under the Plan, then ownership of the Plan will revert to your estate upon your death. Where your estate:

- indicates they will not continue with any one or more of the insurances or otherwise will not agree to transfer that insurance to another person; or
- the insurance is to be cancelled due to non-payment of premium on the part of the estate,

then upon the request of the life insured, we may without the approval of your estate allow for the ownership of that insurance to be transferred to that life insured.

### Joint Owners

Only single ownership of a Plan will be permitted except where specifically agreed to by us. Should we agree to more than one person owning the Plan, then the insurances provided by the Plan will be owned jointly by those persons. Where there are lives insured other than yourself under the Plan, ownership of the Plan will revert to the surviving owner(s) upon your death for those remaining insurances.

## Cover Issued Under One or More Plans

Insurance cover may be issued under one or more separate Plans. Subject to the eligibility and benefit amount requirements, we may issue cover for multiple benefit types and/or multiple lives insured under a single Plan. Where we do so, the premium for all benefits and all lives insured must be made in one consolidated payment.

### More Than One Life Insured – Separate Insurances

Where there are two lives insured covered under a single Plan, the cover provided in respect of each life insured will exist as a separate insurance. This means that:

- the terms and conditions of the Plan apply separately to each life insured.
- the benefits provided by the cover will be payable in relation to each life insured.
- the payment of a benefit in respect of one life insured will not affect the benefits provided in relation to the others.
- the termination of the cover on one life insured does not affect the terms of the cover provided in relation to the others.

### Transfer of Ownership

You may at any time request to transfer the ownership of your Plan to another person. The transfer will only be effective when all of our requirements have been met and we have registered the transfer. If there are joint owners, all owners must agree to the transfer other than where one of the owners has died (in which case ownership will automatically revert to the surviving owner(s) upon us being provided with satisfactory evidence).

# CLAIMS

## Notification of a Claim

If you (or your legal representative) wish to make a claim we must be notified as soon as is reasonably practical of the occurrence of the event that gave rise to the claim. All claims should be notified within one year of such an event. A delay in notifying could affect your entitlement to a benefit if we have been prejudiced by the delay.

## Claim Proofs

Before we will pay a claim, we will need to be provided with proof to establish that the insured event has occurred and that you are entitled to be paid a benefit. We may refuse to pay a claim if there is insufficient evidence provided.

In all cases we will need to be provided with a completed claim form and such other documentation and evidence that we request. This may include a report from a registered medical practitioner or a post mortem examination. The documentation and evidence that we require is to be obtained by you and the cost of this is your responsibility.

## Additional Evidence

We may require additional information as part of our consideration of the claim and this may include having the life insured examined by a registered medical practitioner or other health care practitioner that we choose.

Where we require a life insured to undergo a medical examination, we will pay for that examination. Without cost to us, we may also require the life insured to return to Australia to undertake the examination.

## Probate and Letters of Administration

Where a payment is to be made to the executor or administrator of your estate, we may ask for them to provide us with Probate or Letters of Administration as proof of their entitlement to the payment. Where we require this proof it will need to be provided to us prior to any payment being made.

## Making a Claim

We are committed to paying valid claims as quickly as possible and will start processing your claim as soon as all of the required documentation has been received.

If you or your legal representative wish to make a claim, please call Freedom Insurance on **1300 88 44 88**. Freedom Insurance will inform you of our requirements and assist you through the claim process.

None of these entities or persons have any responsibility to you in connection with the provision of insurance benefits under your Plan (including the payment of any benefit).

## Risks Associated With Life Insurance

Freedom Premium Life provides life insurance cover only and can be cancelled by you at any time without penalty. This is unlike some other types of life insurance that have savings and investment components.

However, there are some risks associated with this type of life insurance including:

### Not Selecting the Right Type and Amount of Cover

Not having cover that meets your specific needs can be a risk. You should read this PDS carefully to ensure that the benefit types and the level of cover you choose suit your financial situation and your personal needs and objectives.

### **Benefits Only Available Whilst Cover in-Force**

To be entitled to claim a benefit under Freedom Premium Life the insured event must occur whilst the cover is in force. Importantly, your cover will be cancelled if you do not pay your premium when required and the cover for *Premium Life Cover* will expire upon the next anniversary of your Plan after the life insured attains age 99. For *Premium Trauma Cover* your cover will expire upon the next anniversary of your Plan after the life insured attains age 65.

### **Premium Payments May Exceed Benefits**

The premiums you pay over the life of your cover have the potential to exceed the benefit amount payable. This will generally only apply where you have held *Premium Life Cover* for a number of years and the life insured has become elderly.

### **Failure to Answer Questions Truthfully**

A claim may be rejected or a benefit amount reduced if we have not received true and correct answers to the questions which we asked when considering whether to issue, increase or vary your cover.

### **No Cash Value**

Your Plan has no cash value. This means that if you cancel your Plan (after the 42 day cooling-off period) you will not receive anything back.

### **Replacing an Existing insurance**

If you are replacing an existing insurance, you should consider the terms and conditions of both insurances before making a decision to change.

### **Correspondence**

All correspondence (including your Policy Schedule) will be sent to you at the address you last told us. If you provide us with an email

address or other electronic contact details, we may send correspondence to you by email or other electronic means (provided the law permits this).

It is essential that you tell Freedom Insurance of any change in your postal address, email address or other contact details.

### **Instructions**

We may accept instructions from you by telephone or such other electronic means as permitted by us from time to time. Only you (as the owner of the Plan) can make changes to your cover.

### **Notification of Breach of Duty of Disclosure**

You must immediately notify us if you become aware that you or a life insured may have breached the duty of disclosure, failed to meet an eligibility requirement or otherwise provided us with any incorrect information in connection with an insurance or a life insured.

### **Governing Law**

Your Plan and any insurance cover issued by us will be governed by and construed in accordance with the laws of the State of New South Wales. The laws of New South Wales shall have exclusive jurisdiction in respect of any disputes relating to these matters.

### **Invalid Terms**

If any term or condition applying to an insurance is invalid, illegal or unenforceable, it may be severed from your Plan and the validity, legality or enforceability of the remaining terms and conditions will not be affected or impaired.

### **Life Insurance Code of Practice**

The Life Insurance Code of Practice has been developed by the life industry through the Financial Services Council and is the industry's commitment to provide both quality products and a high standard of service to customers. A copy of the Code is available at [www.fsc.org.au](http://www.fsc.org.au)
